

## 6610 California State University

The California State University (CSU) is comprised of 23 campuses. All campuses offer undergraduate and graduate instruction for professional and occupational goals and liberal education programs. For undergraduate programs, each campus requires a basic program of general education regardless of the major selected by the student. In addition to master's-level graduate programs, the CSU offers doctoral-level programs in education, nursing practice, physical therapy, and audiology. The CSU also offers some doctoral degrees jointly with the University of California and with private institutions.

The university is governed by the Board of Trustees, which includes the following 25 members: 5 ex officio members, 16 members appointed by the Governor to eight-year terms, 3 members appointed by the Governor to two-year terms (2 student representatives, 1 voting and 1 non-voting, and 1 faculty representative), and 1 alumni representative appointed to a two-year term by the CSU Alumni Council. The Trustees appoint the Chancellor and the campus presidents. The Trustees, the Chancellor, and the presidents develop systemwide policy. The systemwide Academic Senate, made up of elected faculty representatives from the campuses, recommends academic policy to the Board of Trustees through the Chancellor.

The CSU's goals include:

- Offering degree programs in academic and applied areas that are responsive to the needs of citizens of this state and providing for regular review of the nature and extent of these programs.
- Providing public services to the people of California.
- Providing services to students enrolled in the university.
- Offering instruction at the doctoral level jointly with the University of California and with private institutions of postsecondary education, or independently in the fields of education, nursing practice, physical therapy, and audiology.

**6610 California State University - Continued****PROGRAM DESCRIPTIONS**

5560 - This program provides support for the university. Expenditures are for the following purposes:

**INSTRUCTION**

The instruction category includes expenses for all activities that are part of an institution's instructional program. These activities include expenses for credit and noncredit courses; academic, vocational, and technical instruction; remedial and tutorial instruction; and regular, special, and extension sessions.

**RESEARCH**

The research category includes all expenses for activities specifically organized to produce research, whether commissioned by an agency external to the institution or separately budgeted by an organizational unit within the institution. These activities include expenses for individual and/or project research as well as that of institutes and research centers.

**PUBLIC SERVICES**

The public service category includes expenses for activities established primarily to provide non-instructional services beneficial to individuals and groups external to the institution. These activities include community service programs (excluding instructional activities) and cooperative extension services. Included in this category are conferences, institutes, general advisory services, reference bureaus, radio and television, consulting, and similar non-instructional services to particular sectors of the community.

**ACADEMIC SUPPORT**

The academic support category includes expenses to provide support services to the institution's primary missions: instruction, research, and public service. This category includes the retention, preservation, and display of educational materials, including libraries, museums, and galleries; the provision of services that directly assist the academic functions of the institution, such as demonstration schools associated with a department, school, or college of education; media such as audio-visual services and technology such as computing support; academic administration and personnel development providing administration support and management direction to the three primary missions; and separately budgeted support for course and curriculum development.

**STUDENT SERVICES**

The student services category includes expenses incurred for offices of admissions and the registrar and activities with the primary purpose of contributing to students' emotional and physical well-being and intellectual, cultural, and social development outside the context of the formal instruction program. This category includes expenses for student activities, cultural events, student newspapers, intramural athletics, student organizations, intercollegiate athletics, counseling and career guidance, student aid administration, and enrollment management and student health service offices.

**INSTITUTIONAL SUPPORT**

The institutional support category includes expenses for central executive-level activities concerned with management and long-range planning for the entire institution, such as the governing board, planning and programming operations, and legal services; fiscal operations, including the investment office; administrative data processing; space management; employee personnel and records; logistical activities that provide procurement, storerooms, and printing; transportation services to the institution; support services to faculty and staff; and activities concerned with community and alumni relations, including development and fundraising.

**OPERATION AND MAINTENANCE OF PLANT**

The operation and maintenance of plant category includes all expenses for the administration, supervision, operation, maintenance, preservation and protection of the institution's physical plant. This category includes expenses normally incurred for items such as janitorial and utility services; repairs and ordinary or normal alterations of buildings, furniture, and equipment; care of grounds; maintenance and operations of buildings and other plant facilities; security; earthquake and disaster preparedness; safety; hazardous waste disposal; property, liability and all other insurance relating to property; space and capital leasing; facility planning and management; and central receiving.

**STUDENT FINANCIAL AID**

Student financial aid includes institutional aid (State University Grants), tuition and fee waivers, scholarships, and fellowships from restricted or unrestricted funds. The category also includes trainee stipends, prizes, and awards.

**AUXILIARY ENTERPRISES**

**6610 California State University - Continued**

An auxiliary enterprise exists to furnish goods or services to students, faculty, or staff, other institutional departments, or incidentally to the general public, and charges a fee directly related to the cost of the goods or services. The distinguishing characteristic of an auxiliary enterprise is that it is managed as an essentially self-supporting activity. Examples are residence halls, food services, intercollegiate athletics (only if essentially self-supporting), college stores, faculty clubs, parking, and faculty housing.
